#WOMENSMONTH2019

Council celebrates the bravery of women who marched to the Union Buildings on 9 August 1956, to protest against the Apartheid pass laws. Under the theme “25 Years of Democracy: Growing South Africa Together for Women’s Emancipation”, the Women’s month campaign was launched on 1 August 2019 in Pretoria by the Department of Women, Youth and Persons with Disabilities.

The theme ties together the success story of South Africa, with the gains women have made since the dawn of democracy in 1994. It also reminds citizens of the social compact that is required to break down the multiple barriers and threats that women, young women, and women with disabilities still face.

As advocates of social justice, social service professionals must continue to ensure that all people have equal access to the resources and opportunities that allow them to meet their basic needs.

Kindly note that the office will be closed off to the public on the 7th and 8th to allow the administration to process the high volume of applications pending finalisation. Registrants who wish to get hold of the office should use the email addresses listed below.
