A WEEK WITH MEANING

International Child and Youth Care Workers' Week was from the 4th to 10th May 2020 under the theme **Making Moments Meaningful**, emphasising the importance of meaningful professional engagements by child and youth care workers with children, youth, families and communities. As part of celebrating this week, the Registrar participated in radio interviews and Council issued a media release together with various social media messages.

On 8 May 2020 the **Professional Board for Child and Youth Care Work** launched a FREE in-service training programme as part of *International Child and Youth Care Workers' Week*, designed to rapidly support the work of all child and youth care workers in South Africa to enable them to safely serve children, families and communities during the COVID-19 crisis as it evolves and the longer term impact after that within their scope of practice. The course '**A child and youth care response to the COVID-19 pandemic**' was developed by the Professional Board in collaboration with National Association of Child Care Workers (NACCW), Children's Institute, University of Cape Town, Jelly BeanZ, Durban Child and Youth Care Centre and UNICEF South Africa.
