RE-LAUNCH OF THE ONLINE REGISTRATION AND VERIFICATION FORM FOR COMMUNITY DEVELOPMENT PRACTITIONERS

The South African Council for Social Service Professions (SACSSP) is pleased to announce the re-launch of the Online Registration and Verification form for Community Development Practitioners (CDPs).

The Online Registration and Verification form used in 2022 was amended. All practicing CDPs are therefore requested to participate in the re-launch of Online Registration and Verification form. This request is critical in ensuring that all practicing practitioners are eligible to participate in the professionalisation process of the Community Development sector.

The re-launch is providing CDPs with an opportunity to either edit, verify and register their personal information in the Online Data Verification and Registration Form. The Re-launch of the form will commence on 15 May 2024 until 31 July 2024. The information generated out of this process will be used to develop a voters' roll for the nomination and election processes for the members of the first Professional Board for Community Development Practitioners (PBCDPs). All practitioners registered on the voter's roll will be eligible to participate in the nomination and election process of the first PBCDPs.

Online administrative support will also be providing online administration support services during the re-launch period. Please see the schedule for the online support services below:
